The Provincial Government Handbook: South Africa is a complete guide to all the government departments and entities that comprise the provincial sphere of government in South Africa. With over 200 departments, institutions, boards, councils, enterprises, authorities, funds, agencies, etc., the provincial sphere encompasses a broad range of activities and responsibilities.

The Handbook provides a detailed synopsis of each department or public entity. It includes contact details, descriptive overviews, particulars of senior office bearers, as well as financial and other performance-related information.

The Handbook is aimed at government officials, local and foreign business representatives, investors and NGOs, who need a complete, yet concise, reference source to South Africa’s provincial government layer.

Online flipbooks of past editions can be viewed at www.issuu.com/yesmedia.
