A SELECTION OF COMMENTS WE HAVE RECEIVED FROM SCHOOLS OVER THE YEARS

Thank you very much for sending enough copies of the Post Matric career magazine for all our matrics. It has very useful career information in it, as well as where to apply for bursaries. It is very encouraging for our matrics to receive a magazine like this as they are preparing for their exams, because it serves to remind them where their focus should be, and of the exciting opportunities that await them.

Cecelia Behrent,
Principal, Khwezi Lomso
Comprehensive School

Thank you very much for the very inspirational and informative magazines you sent out to our school. The magazines couldn't have come at a better time as I will be talking to my grade 12 group on Friday afternoon. I shall be distributing these to them and highlighting the important points I have already gone through in these, especially study tips and guidance. I hope that this partnership and association will continue for quite some time!

Dr Mduzuzi Mathe,
Principal, Bhukulani Secondary School

I would like to thank you for the Post Matric magazine which has recently arrived. We have a Matric Day today where all the matrics get together for various talks and bonding activities, so these magazines are being handed out to them there. I found this so useful last year as the Careers Coordinator in the school, even contacting advertisers for more information, so it really is a wonderful resource for both students and staff.
